

Construction World's Fastest Growing Construction Companies in India

In India, construction is the second largest economic activity after agriculture. The investment in construction accounts for nearly 11 per cent of India's GDP and nearly 50 per cent of Gross Fixed Capital Formation. The construction sector accounts for nearly 65 per cent of the total investment in infrastructure and is expected to be the biggest beneficiary of the surge in infrastructure investment over the next five years. An investment of Rs 1,450,000 crore or about

\$320 billion would be required in the infrastructure sector during the Eleventh Five Year Plan (2007-08 to 2011-2012). To overcome economic crisis and to sustain on development path, government has focused on infrastructure sector development. With more than Rs 30,000 crore directed towards the sector and provisions for Rs 1 lakh crore of budgetary support in all, infrastructure development certainly seems on the right path and will certainly pick up the speed in few months.

INDIA'S FASTEST GROWING CONSTRUCTION COMPANIES

Rank 2009	Company Name	Revenue (Rs crore)				(LARGE CATEGORY) ABOVE RS 1,200 CRORE
